

WSDOT WIRELESS LEASE PROCESS

- Complete application form for Wireless Communications Lease
- Send application to:
WSDOT
Real Estate Services
Attn: Wireless Lease Program Manager
P. O. Box 47338
Olympia, WA 98504-7338

When application is for a site lying within WSDOT owned **right of way**, a check for a non-refundable fee of \$2,500.00 must be included with the application.

NOTE: Applications to locate on a WSDOT radio site or other WSDOT-owned structure may require a structural analysis. The analysis must be performed by WSDOT's vendor with the cost to paid by the applicant.

- An Application Intake Appointment may be scheduled, if desired, with the Wireless Leasing Program Manager to review the application. If not deemed complete, the necessary additional information will be identified at this time. If the material as submitted is not adequate, the application may be accepted by the WSDOT but it will not be considered a "completed application". WSDOT will notify the applicant within 2 working days from the date of receipt of the application that it either is or is not complete.
- Administrative review of the completed application by WSDOT reviewers.
All questions/comments must be addressed and resolved before a lease will be drafted. If the review process reveals a "fatal flaw", notice will be given to the applicant that the lease is being denied "for cause" along with the reason(s) for denial.
- Review by the Federal Highway Administration (FHWA) when the application is for space within a "fully controlled access highway".
At the direction of the FHWA this review will not be requested until the WSDOT has completed its review and given approval for a lease. (The FHWA requires at least 30 working days to complete its review.)
- A Region Utility Permit is required when trenching with in the Right of Way.
- Lease execution following Administrative review approval and legal review "as to form"
Note: Lease Exhibits (Minimum Requirements Include: Detailed Site Plan and Elevation Drawing) must reflect the comments and requirements resulting from WSDOT Administrative and FHWA reviews.
- Notice To Proceed (NTP)
A Notice To Proceed will be issued once WSDOT has received all of the required information listed in the Notice To Proceed Checklist. Included in the Checklist is full zoning and building permit documentation for WSDOT's review, which must disclose all conditions imposed by state/county/city/federal jurisdiction.
